

CORONA VIRUS COVID-19

MARCH 23rd 2020

Totally Aesthetics will now be closed as a temporary measure during the corona virus pandemic.

Our medical team, feel that this is the correct decision to protect the safety of our patients, our staff and all of those we come into contact with.

We will follow government advice as to when it is deemed safe to re-open. Our phone lines are still active as are our e-mails, so do not hesitate to contact us if you wish to discuss treatments.

You can keep up to date with our current status by following us on our social media platforms as well as our company website.

Please stay safe, socially isolate, stay home when possible and follow all government advice.

Best wishes to all our patients who we look forward to seeing in the not too distant future.
